

Don't Lose Your **BENEFITS!**

Don't wait until the end of the year to use your flex dollars and insurance benefits.

2018 is quickly coming to an end and we, at Prestige Periodontal & Implant Center, wanted to remind you of several very important things.

- Many dental plan benefits roll over January 1 - so it's Use It or Lose It!
- You can use your Health Savings for dental, implant and periodontal therapy solutions.
- Your medical and dental insurance offers you quality healthcare at deep discounts.

If you were putting off your Dental Implants or periodontal treatment, this is the perfect time for you to take advantage!

Only a few months remain before the end of the year. Make use of your medical benefits and your decreased deductible.

If you have any questions, please call my office and our team will be able to go over your insurance benefits with you.

Don't let your medical and dental benefits run out! Call our office to make an appointment.
